

Glowing Keyboard Stickers

Fluorescent keyboard stickers that allow work in dim and semi-dark environments, and more comfortable typing in lit areas! High quality fluorescent print reflects any ambient source of light - even the dimmest light source, such as the monitor's light, make the keyboard letters illuminate in a crisp clear bright light that, literally, glow in the dark.

Product Advantages:

- ▶ Reduces eye fatigue
- ▶ Has large and vivid characters
- ▶ Renews worn out keyboards
- ▶ Unique coating for long-lasting use
- ▶ Matte surface that is pleasant to touch
- ▶ Easy to apply - just peel and stick
- ▶ Allows clean removal with no sticky glue
- ▶ Rounded corners for a better feel and durability
- ▶ Compatible with any keyboard.

Dramatically reduces eye fatigue!

Hebrew and English characters on each key
